

Open Day

BLACK ROCK WATER RECLAMATION PLANT is opening its doors to the public.

The largest facility operated by Barwon Water, the Black Rock Water Reclamation Plant treats some 50 million litres of domestic sewage and industrial wastewater every day of the year.

The facility plays a pivotal role in water recycling and will soon be home to a new cutting-edge biosolids drying plant – the first of its kind in the southern hemisphere.

Join us to learn about this vital piece of infrastructure and the exciting new developments for the future.

When: **Saturday 21 March 2009**

Time: **11am - 3pm**

Take a guided tour of the facility

Experience the new high-tech visitor centre
